

# Young Diplomats Clubs

**Young Diplomats .... affiliated with World Affairs Council of Colorado Springs**

Make sure an after-school club like this is permissible.

Recruit a faculty sponsor.

Pick a day and time that will be fairly regular.

Choose a President/Chairman/contact person as soon as possible.

Plan a way to involve underclassmen so the club continues.

It's okay to start small.

## **Possible activities...up to you:**

- current events contests among teams in school (can be expanded to competitions with other schools sponsored by WAC in the spring)
- have college students talk about their semesters abroad
- international career fair
- WAC can help recruit guest speakers.
- attend WAC speaker luncheons (up to 7 students, plus sponsoring teacher)
- fund raising events to benefit international relief agencies
- have a kick-off event featuring a current international topic
- meetings where members come prepared to talk informally about a specific topic
- show international documentary films
